ASSOCIATION DES JARDINS D'ENFANTS ET GARDERIES

BACKGROUND

Named after historic 'Lac Lemán' boat men and buccaneering types, the '**Bacounis-Boucaniers**' group provides nursery school/playgroup services within the municipality ('commune') of Collonge-Bellerive. '**Bacounis I & II**' are operated out of the village of **Collonge-Bellerive** and '**Boucaniers**' is located in **Vésénaz**. The group is operated as a non-profit **association**, whose membership is comprised of the parents of the children enrolled in the institutions. The association, created in 1977, is subsidised in part by the commune of Collonge-Bellerive. Since January 2003, the three sites, provided by the commune, have been managed by a director in collaboration with, and oversight from, a committee. This **committee of volunteers**, elected each year via *General Assembly*, is composed of eleven people. It meets approximately once per month to discuss important points in the life of the association. As members, you will be invited to participate once a year in our **General Assembly**. Your presence is strongly encouraged so that we can inform you of the general functioning of the institution as well as to receive your input and feedback.

Collectively, the group offers **109 part-time places and welcomes children aged 12 months to 4 years**. They are supervised by a director and an educational team, which includes: 9 early childhood educators, 6 auxiliary staff and 1 apprentice 'ASE' in training. We also offer **workshops** and a **parent & baby** group one half-day per week.

The mission of our institution is to provide an environment conducive to active learning so that children can learn, grow, explore, and feel the pleasure of being and playing in a climate of trust and in complete safety. A wide range of engaging activities is offered to children throughout the year and adapted to each age group (free play, relaxation, motor skills, crafts, songs, cooking, sensory exploration, oral and graphic expression, stories, etc.). All sites also have access to fully equipped outdoor play areas.

The association provides families with its website (<http://www.babouc.org/>) and its Facebook page describing the educational programme of the institution and its

activities. Each year the educational team, in collaboration with the director, actively works to set up new initiatives with the aim of guaranteeing a good dynamic within the team and maintaining both a current and high-quality service offering.

The Bacounis/Boucaniers are supervised by a **Network of Professional Services** for early childhood such as: the 'Service Santé de l'Enfance et de la Jeunesse', the 'Service Protection des Mineurs', the 'Service Educatif Itinérant', the 'Guidance Infantile', the 'Service d'Autorisation' and the 'Surveillance de l'Accueil de jour'.

One of the pedagogical objectives of the association is also to cater to the needs of and include in its set-up children with different needs (e.g. disabilities or behavioural disorders). With the **values of respect and acceptance of difference**, we believe that all children can have their place at Les Bacounis/Boucaniers.

ENROLMENT

Priority:

Children already enrolled in the institution and domiciled in the commune, as well as their siblings, have priority and their applications are registered in January.

New admissions:

Registration takes place during February and March of each year. Parents enrol their children for a period of 10 months.

Vacant places are, as a priority, allocated to families residing in the commune of Collonge-Bellerive (Vésénaz-Collonge).

Children from outside of the commune are registered on a waiting list and will only be considered after the official registration date. When a child from outside

the commune is welcomed to Bacounis/Boucaniers for a year, their registration for the following year will not automatically receive priority status.

Enrolments are finalised on payment of both the association's annual contribution of 100frs (per family) and the first month's fees, **within the time limit indicated on the invoice.**

WITHDRAWALS

Parents agree to enrol their child for the school year. Notice of any withdrawal must be provided to management by registered mail.

In the event of withdrawal after confirmation of enrolment and payment of fees, neither the annual association contribution nor first month's fees will be refunded. In the event of non-payment within 15 days after the due date of the first invoice, the enrolment will be automatically cancelled.

For withdrawals during the school year, fees for both the current month as well as the month following the delivery of the withdrawal notice will remain due.

A child withdrawn during the year loses all priority enrolment rights for the following year.

In the current COVID-19 environment, should the parents decide to withdraw their child during the year or before the start of the school year, the above outlined withdrawal process continues to apply in all circumstances, except upon presentation of a medical certificate.

FEES

Fees must be paid no later than the end of the month, for the following month.

From the second reminder, the invoice will be increased by 20 frs. If following the third reminder, which will itself carry an increase of 40 frs, payment of fees is not made within the specified timeframe, the enrolment of your child(ren) will be terminated.

Following the application of the new law on pre-school care (J 6 28), a family's contribution to the cost of school fees is fixed on the basis of 'In Commune' and 'Out of Commune' schedules, approved by the committee of the association and by the commune of Collonge-Bellerive, before the beginning of each school year.

In the fee schedules, the tuition fee is set according to the total net income of the 'family group', which is defined as the people living at the same address, even if they are not a relative nor legal guardian (e.g. concubine, partner, registered partner, etc.).

The tuition fee determined is valid for the entire school year and parents are required to announce during the year any change in total income without delay, should this results in a change in fee tier. The application of the new tariff will take effect from the month following receipt of the revised final tax notice regardless of the date of notification to the association (for example, tax notice received in July, resulting in a change in tariff tier but not communicated to the association in December: the new rate would be applied retroactively from the start of September schooling).

To identify and determine the right tariff, it is necessary to know the total income tier of the 'family group', indicated in the last tax notice for cantonal and communal taxes (e.g. « éléments retenus par l'administration » code 99.00, or « Revenu net total » code 95.00), and sent by the cantonal tax office ('Administration Fiscale Cantonale').

ASSOCIATION DES JARDINS D'ENFANTS ET GARDERIES

International civil servants, members of diplomatic missions, permanent missions, consular posts or any other diplomatic person benefiting from an exemption from tax are kindly requested to take into consideration their net income for the fee schedule.

In the spirit that has always characterised our association, we entrust families to provide the correct indication of the total income of the 'family group' when registering their child(ren). However, the committee may proceed to random income checks and in the event of fraud, the contract may be terminated. The maximum rate will then be applied retroactively. The information provided will be treated with complete confidentiality.
